Pure	The Pure program is the ideal starting point for anyone using Healy frequency programs for the first time. It is designed to help your body's energy field to recover from the bioenergetic effects of environmental factors.
Care	A weakened bioenergetic field is frequently associated with poor health. Strengthening your energy field through appropriate exercise, healthy nutrition and pure water, and restoring bioenergetic balance are all ways of caring for your inner and outer health.
Balance	The fine balance of the various bodily systems is very important for our well-being and health. The Balance program refers to bioenergetic balance. It is an ideal program for a deep bioenergetic balancing of the body's overall energy field.
Being	What the program Balance is for the body, Being is for our soul. It is designed to help you remain centered during life's turmoil.
Energy	Performance needs support. Whether you are a well-trained competitive athlete, a stressed-out manager or a busy mother, Energy supports your ability to bioenergetically respond to life's demands.
Relax	Relax stands for a relaxing anti-stress effect. Stress can be both the result and the cause of imbalances in the mind and body that can undermine your health and wellbeing. Modern life keeps many of us from letting go of our daily sorrows and stress, so support for you in this area can help you restore your sense of balance.
Release	There are many different causes of pain. As an alternative or in addition to using your Healy for pain reduction as described in the Instructions for Use, you can use the Nuno Nina Gold Cycle Release program. In this program you work systemically in the bioenergetic field of the body to release your pain at its source.
